Good day Karl-Augustt,

I hope you are doing great.

My name is Maria from IBM working for Business Partners from our IBM PartnerWorld program. I would like to discuss some topics that that can help you following your signing up to our PartnerWorld last 07/16/2022.

We can have a brief call and I could take you through the PW resources available for you to help you with your business, and that would enable us to work together. Please note that the purpose of the call is to get to know you, understand your business needs as well as your expectations. Being this said, I would like to ask you if you could reply to this email with a detailed summary as of:

1.-What does the company do? Please provide a little bit of background.
2.-What motivated you to register to our program?
3.-What are your expectations from IBM?
4.- Have you been in contact with someone from IBM regarding this process?

Could we have a short Webex call on a day/time that is good for you sometime next week? If you provide me with any suitable days/times I will send you an invitation.

Hope this is of interest for you and hoping to hear back from you.

Thank you!
